

CBS

STURDY, RELIABLE, AND LONG-LASTING. TO TAKE YOU WHEREVER YOU WANT. HOWEVER YOU WANT.

STURDY AND STRONG

BUILT RUGGED. BUILT LIGHT

Manac,

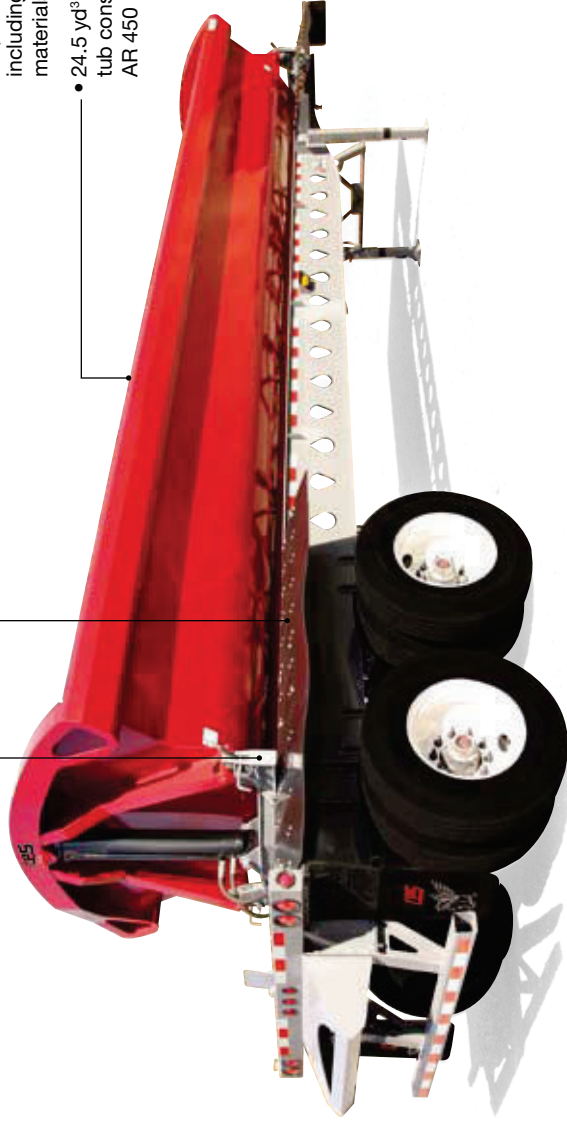

The muscle, endurance, and performance to make you fly. The strength-to-weight ratio to make you efficient.

DESIGN OF HIGH STRENGTH STEEL

- **Galvanized optional frame**
Benefit : Corrosion resistance
- **"W" Bracing**
Benefit : Prevents lateral torsion
- **44" c/c**
Benefit : Enhance stability
- **20" Deep beam**
Benefit : Provides dump stability
- **Manac exclusive Plug-welded coupler plate**
Benefit : Optimal contact with frame
- **Unique Hydraulic system**
Benefit : Maintains equal fluid pressure to front and rear cylinder

Standard features or specifications subject to change without notice.

- The curb-side and the road-side lock system
- Sloped front & rear fenders including flexible rubber shed materials
- 24.5 yd³ Water level capacity tub constructed of "Hardox" AR 450

- 3 Rail tub design to minimize tub deflection
- Equalized hydraulic system maintains equal pressure at front & rear cylinders to precisely control movement of tub and resist twisting
- 47° Dump angle with low center of gravity
- Bolt-on Push/Pull bumper integrates and recesses Standard LED lights
- Bolt-on underguard for ease of replacement
